

Dear Parents and Skaters,

It is with great excitement that we would like to welcome you to Canada's very first competitive theatre on ice team. This will be a very memorable year, full of new experience, opportunities and learning.

The Canadian Ice Academy has agreed to run this program and Skate Canada has agreed to approve our entry in events. Our ultimate goal for this season is to compete at Nations' Cup Ballet on Ice in Bordeaux, France on April 24th - 28th. We will be looking into some grants and fundraising in order to help team members with the cost of this trip.

Practices will take place every Sunday at the Canadian Ice Academy from 11:05-11:55. Extra practices may occasionally be added on or off ice to complete choreography and/or prepare for competition. These will be communicated well ahead of time.

The complete cost of the program will be \$1800+HST and will include everything except for travel and coaches expenses for travel. The Canadian Ice Academy will be offering monthly plans to skaters, with an initial registration fee. This fee will include: ice time, coaching fees, three different outfits/costumes (short, long, practice), make-up, team jacket, any props that are needed, music editing fee and competition entry fee (including official practice ice time).

The program will officially begin on Sunday, November 5th. We can't wait to get started!

Thank you,

Canadian Ice Academy
